**201. Registry** The KMA Registry is the heart of the KMA and is the responsibility of the Registry Committee (see Rule 109)

### 202. REGISTRY HISTORY

The Kiger Mesteno association was formed in 1988 to protect, preserve, and promote the Kiger horses, both in the wild and in captivity. The Registry was established to record the pedigrees of the adopted Kiger horses and their progeny.

In 1988 there were a very limited number of Kiger horses available for registration and breeding. There was concern among KMA members regarding the possibility of inbreeding. The Bureau of Land Management found Kiger like horses outside of the Kiger and Riddle Mountain Herd Management Areas (HMA's). Several of these were released back into the Kiger HMA's; others were adopted by the public. At that time the Association decided to accept these "found" horses into the registry and to allow for additional horses who met the physical requirements but not from the Kiger HMA's to be allowed into the registry. This practice was discontinued as of January 1<sup>st</sup> 1996.

The application shall be complete in all respects including photographs, documents and signatures. The burden of proof in all matters is the responsibility of the applicant. Failure of any applicant to comply with requests for additional information or documents relative to the registration of any horse will result in that file being closed and fee returned minus a \$10 handling fee thirty (30) days after the second notice requesting such information. In order to reopen a closed file applicants must reapply with a new application, registration fee and all necessary information and documents to complete registration.

**206. PHOTOGRAPH REQUIREMENT**

**207. INSPECTION PROCESS**

Inspections are conducted visually on site or by photos by at least two uninterested inspectors.

- A. Photo Inspections
  - 1. Registrar fills out inspection forms using only a number to identify each horse in an attempt to maintain confidentiality of the identity of the horse and owner. This helps to assure objectivity in the scoring process.
  - 2. Registrar has horse inspected when a minimum of two inspectors are available to inspect the horse. This may be done by calling any two or more inspectors and arranging a date, place, and time, and by scanning photos and sending to each inspector via e-mail that is unable to attend.
  - 3. Inspectors then score the horse according to the criteria on the inspection form, with the Standard of Perfection in mind. Horses receiving a score of 90 and above qualify for Permanent or Foundation Division. Scores of 75 to 89 qualify for Non-Breeding Division. - B. On site/Visual Inspections
  - 1. On site inspections are conducted at Kigerfest each year and at any inspection clinic, if one is held. Other on site inspections may be held by appointment only and must be pre-arranged by the requester with the Registration Committee.

# **Kiger Mesteño Association Horse Awards Program**

The Medallion Awards Program is a means of recognizing Kiger Horses, which are properly registered in the  
**KIGER MESTEÑO ASSOCIATION  
Medallion Awards Program**

**Unlike any other horse award program, the Medallion Awards Program has been prepared to show the versatility of the Kiger Mustang. It has explicitly been prepared to avoid putting special emphasis or preference on any one field of competition. The criterion for earning a medallion certificate in each field of competition has been set up to be fair, equitable, and attainable in all fields of competition. Suggestions for changes are always welcome as long as the versatility and performance of the horse remains the primary goal.**

**402. REQUIREMENTS TO PARTICIPATE**

- A. The horse must be KMA registered, and owner must be a KMA member.
- B. This is an award system for the horse; therefore more than one rider may be involved with the same horse.

**403. REQUIREMENTS TO QUALIFY FOR A MEDALLION**

- A. A horse must earn in one season a minimum of 500 points in any one of the above fields of competition. The medallion belongs to the horse.
- B. Repeat accomplishments in subsequent seasons shall not qualify for a second medallion. Instead, a star shall be awarded to accompany the original medallion.

**404. TYPES OF MEDALLIONS AND HOW AWARDED**

- A. Medallions are awarded in the following order:
  - 1<sup>st</sup> Field of Competition BRONZE
  - 2<sup>nd</sup> Field of Competition SILVER
  - 3<sup>rd</sup> Field of Competition GOLD
  - 4<sup>th</sup> Field of Competition PLATINUM

Example: A horse begins its Medallion Quest as a three year old in the field of Show Halter and places high enough - often enough - throughout the show season to earn the required number of points (500) for a Bronze Medallion in its first Field of Competition. As a four year old, the horse is then campaigned in Working Cow Horse competitions and, if it places high enough often enough throughout the season to earn the required number of points (500) that horse has now earned its second medallion: a Silver Medallion. If, as a five year old, the horse is campaigned in the show arena in Show Pleasure classes earning the required number of points over the show season (500), it has now earned a Gold Medallion in its third Field of Competition. If, as a six year old, the horse is put into Distance Riding competitions, and if enough miles are successfully completed over the season (500), the horse has now earned the coveted fourth medallion, Platinum.

A horse is not limited as to the number of medallions earned in a single year. Example: A horse competes in Show Halter and Show Pleasure in the same year and accumulates enough points to win a medallion in both fields of competition therefore earning both a Bronze and a Silver Medallion.

**405. KIGER HALL OF FAME**

Any horse, which earns medallions in four fields of competition or services (Section II), shall be inducted into "THE KIGER HALL OF FAME."

**406. POINT ACCUMULATION**

To accumulate points toward a medallion in any field of competition the owner must submit the "Contest Report Form" (or its equivalent) for each contest entered to the proper consultant and the Chair of the Medallion Committee as listed on KMA's web site and in the Kiger Mesteno Association Rulebook, who will verify points. An official from the organization that sponsored the contest must sign the form prior to submittal to the Medallion Committee. In the event that the person entering the contest is also an official, another official must sign it. A signature of the official judging the event is also acceptable. All contest reports must be turned in no later than January 31st of the following year. Once all entries are received, the Medallion Committee Chair will confer with the Consultant from each of the various Fields of Competition and will verify points for horses that have earned points in that Consultants Filed of Competition. Should either the Consultant or Chair of the Medallion Committee have a horse that has earned points in that Filed of Competition, an uninterested consultant from another Field of Competition will be brought in to assist in tallying the points. In February each year, the Medallion Committee will review and verify all points with the Statistician. An outside, uninterested person may assist, should it be necessary. In the event that either the Committee Chair or Statistician has a horse that has earned points for the given year under consideration, an outside-uninterested party selected by the Board of Directors will be brought in to verify points. Results are then final, and awards shall be issued at the Awards Banquet held during the regular March meeting of the KMA.

**407. PRODUCTION MEDALLIONS**

KMA registered stallions and mares, which do not themselves compete in any Field of Competition, may earn *Production Medallions* through the performance of their “Get,” which have earned medallions as outlined below:

If any of the “get” accomplishments are doubled the producing stallion or mare shall be inducted into The Kiger Horse Hall of Fame.

**409. THE KIGER CHALLENGE RIDE**

A. General Description

The Pacific Crest Trail (PCT), extending from Mexico to Canada along the Sierra Nevada Mountains of California and the Cascade Mountains of Oregon and Washington, is approximately 2,750 miles long, offering the hiker and equestrian a pristine and challenging experience -- whether done in total or in part. For purpose of the Medallion Program of the Kiger Mesteno Association, the PTC is divided into five (5) sections, starting at Mexico and running north to Canada:

I. Southern California: Mexico to Tehachapi Pass (Hwy 58)	570 miles
II. Central California: Tehachapi Pass to Donner Pass (Hwy 80)	600 miles
III. Northern California: Donner Pass to Oregon	575 miles
IV. Oregon: California to Columbia River	505 miles
V. Washington: Columbia River to Canada	500 miles

The northbound (NB) direction of travel is used here because the books on the PCT are written that way since most travelers travel NB to have a longer, favorable weather season. However, you may choose either direction of travel or even leapfrog sections if you ride more than one section.

Other National Scenic Trails in the U. S.: For other National Scenic Trails, points will be calculated the same as for the Pacific Crest Trail at 3 points per mile. All other requirements and rules shall be the same as apply to the Pacific Crest Trail. Sections of each trail will be designated by the Distance Riding Consultant and approved by the Medallion Committee.

#### B. Requirements

1. This is a test of the horse, not the rider; so more than one rider may be involved with the one horse. The horse must be registered with the Kiger Mesteno Association.
2. The horse must be at least five (5) years of age.
3. A horse that competes any *single* one of the below sections within the designated time frame shall earn a medallion. A *STAR* is awarded for each subsequent section. The time frames are as follows:
  - I. Southern California 17 days
  - II. Central California 18 days
  - III. Northern California 17 days
  - IV. Oregon 15 days
  - V. Washington 15 days
4. If riding sequentially more than one of the above sections two (2) extra days may be added to each additional section, bringing the total elapsed time to 90 days if all five sections are ridden sequentially.
5. For each additional section sequentially completed beyond the first section, a bonus of 50 points shall be awarded for a possible total of 200 Bonus Points upon completion within the 90 day total.
6. Any horse accomplishing the 90-day challenge shall be inducted into "The Kiger Horse Hall of Fame."

#### C. Points

1. Points shall be three (3) per mile, each section providing 1500 points towards a medallion.
2. Washington is a few miles short of 500, but the northern trailhead is 7.2 miles into Canada, so will count as 500 or a portion may be ridden in reverse direction to total 500 mile minimum.
3. Southern California is 1.3 miles from Mexico, requiring riding south that distance before heading north, thus adding one (1) mile to the total.
4. The Oregon/California point is optional: Either at the very convenient Seiad Valley Store on Rt. #96, thirty-some miles into California (mileage added or subtracted, if chosen), or at the less accessible actual state line up in the mountains (Donomore Meadows), which can be reached by logging road.

#### D. Monitoring

Riders of the Kiger Challenge Ride shall be on the honor system to truly ride the designated horse over the entire designated trail in the intended spirit of the challenge. The Consultant may, at any time, introduce monitoring of any type.

#### E. Procedure

1. Notify the consultant
2. Pre-ride vet check of horse within one week of start (cf. Attached pre-ride vet check form)
3. Ride the intended section or sections
4. Post-ride vet check of horse within 12 hours of finish (cf. Attached post-ride vet check form)
5. If multiple sections are sequentially ridden, the horse must be vet checked each section. The vet may be brought to the horse or the horse may be trailered to the vet. If, in the opinion of the vet, the horse is not in condition to continue, **NO MEDALLION WILL BE AWARDED FOR THE SECTION JUST COMPLETED.** However, mileage points will be awarded. The horse must be sound.
6. It is up to the rider and support crew to locate a large animal veterinarian to do the inspections, sending completed forms to the Consultant.

**419. NON-COMPETITIVE SERVICE AWARDS**

- A. Production Medallion

Many Kiger Horses are not involved in competitive events such as those outlined in the Medallion Program, but instead are used in important and practical ways such as ranch work, packing, search and rescue, mounted police, pulling wedding or tourist carriages, ponying horses at the race track, serving as a mount at summer camps for handicapped riders, representing the Kiger horse for promotional or educational purposes (such as at the Kentucky Horse Park) etc. Such uses are to be encouraged and rewarded. Therefore, the Horseshoe Service Award shall be given to KMA registered horses in recognition of their significant contributions to the occupations, needs, and recreation of mankind.

Example: A Kiger is used as a major part of a fall round-up gathering cattle out of the mountain summer range, giving weeks of hard work scrambling over rockslides, pushing through brush, fording streams, and bringing the herd home.

Example: A rider chooses to ride a 500 mile section of the Pacific Crest Trail in casual fashion, not pressing for the Medallion pace, even perhaps breaking the ride up into weekends only, but going the distance within the calendar year.

In recognition of non-competitive, but practical service, a horse may be nominated by its owner or any KMA member to receive the HORSESHOE SERVICE AWARD. Nomination shall be submitted to the Chairman of the Medallion Committee in writing, giving a description of the type of service, frequency, locations, time frame, etc. giving as full a picture as possible so the Medallion Committee can adequately evaluate the nomination. Upon acceptance of the nomination, the horse shall be awarded the HORSESHOE SERVICE AWARDS as follows:

- 1<sup>st</sup> Award     Bronze Horseshoe
- 2<sup>nd</sup> Award     Silver Horseshoe
- 3<sup>rd</sup> Award     Gold Horseshoe
- 4<sup>th</sup> Award     Platinum Horseshoe

Note #1: After the horse is “shod with all four shoes” it shall be awarded a Bronze Medallion. Doubling the service earns a Silver Medallion, another four shoes earns the Gold Medallion, and yet another four shoes earns the Platinum Medallion, and induction into the Service Division of the Kiger Horse Hall of Fame.

**420. HALF KIGER AWARDS**

To participate, the half Kiger must be KMA registered, and the owner must be a KMA member. Half Kigers are eligible to participate in the Medallion awards, in each Field of Competition A through F, with the same rules and requirements applying.
